Reservoir Evaluation Services

Integrated Field Studies

Evaluating Available Data

- Well / Field History
- Geologic Maps
- Well Logs
- Core Analysis
- Production / Pressure Data
- Test / Completion Information

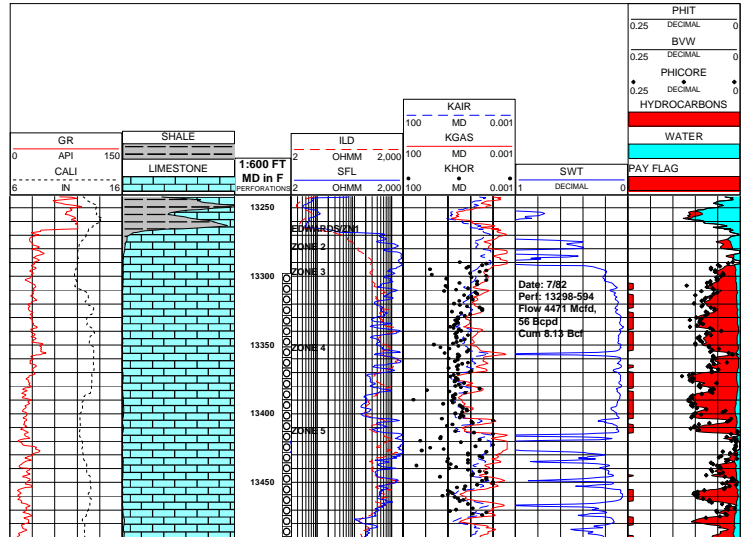

For Development of ...

- Net Pay, ϕh , HCPV Maps
- Pressure Isobar Maps
- Volumetric / Material Balance Analysis
- PVT / Recovery Efficiency
- Production Forecast Modeling

To Ultimately Determine

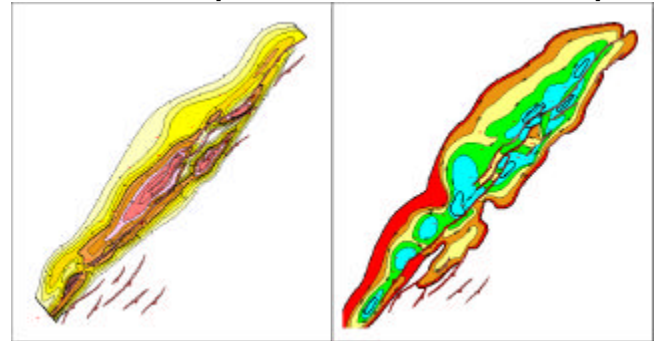

- OOIP / OGIP
- Remaining Reserves
- New Drill / Workover Locations
- Flowstream Projections

Detailed Petrophysical Analysis

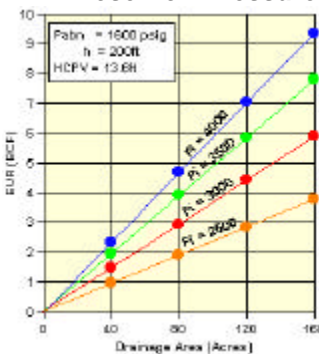

Hydrocarbon Pore Volume Map

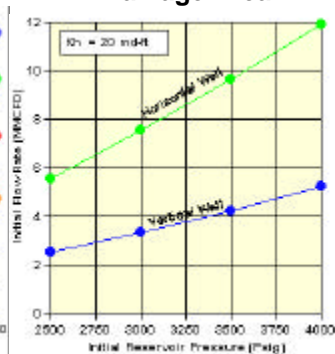

Average Reservoir Pressure Map

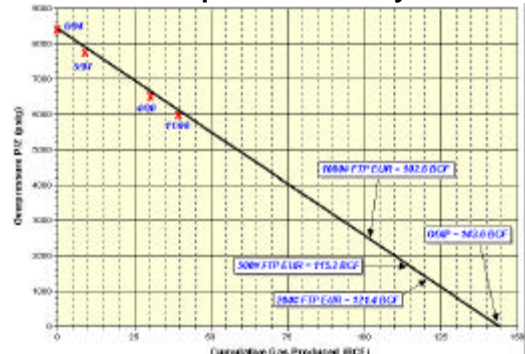

Flow Rate vs. Reservoir Pressure

EUR vs. Drainage Area

P/Z Overpressured Analysis
